“ *Michael you became a part of the family immediately and was always a jokester. Having the family together to just play video games was one of your favorite pastimes. You helped me after Bob died by introducing me to the Nintendo Switch which has become my chill time go to. The impression you made on our family, and especially the kids will live on with the values you set. You were taken from us too early. We love and miss you so much. Thank you for being you ❤️*
