“ *Bernie had been a generous supporter of our animal shelter for many years. Our last letter to her was recently returned as "deceased." We are so sorry for her loss! Her gifts meant a lot to the animals in our care. The Ferret Association.*

“*Bernie was such a sweet and compassionate colleague. I remember that she amazed all of us with her organization and attention to detail. We used to laugh at her "spreadsheets" but they kept us on track so many times. Bernie was a lovely lady with a gentle spirit. She was loved and appreciated. Thank you Bernie for sharing so much with us.*”

“ I’m so sorry to hear about Bernie’s passing. Bernie was a pleasure to work with. She always brought donuts in for her co-workers. She always took her job seriously and I would “pull her chain” to make her relax and laugh. She always thought of others before herself. She will be sorely missed. Rest in peace dear Bernie. May fond memories ease the pain of her passing.

“ *My Aunt Bernie was a smart, wonderful, and caring person. We didn't get to spend a lot of time together because we lived so far apart, but I got to know all about her through the stories my mom (her sister, Terez) would tell me. One of my favorite things about her was how much she loved animals - I loved hearing all about the ferrets! I know that her humor and her compassion have influenced both me and my mother, and I am grateful to have known her.*

“Bernie was a perfect match for my brother Jim. They are both sharp tongued, quick witted and a joy to be with. She was an excellent cook and a compassionate animal lover. I remember one visit with Jim and Bernie, she was coming back from either work or the grocery store and hit a deer. She was horrified at hitting the deer and even more so when the responding patrolman ask her, “Do you want to take the deer with you.” She loved and Jim hated the ferrets she kept in the basement. A very special woman, she didn’t tolerate Jim, she loved him with everything she had. He loved her back with everything he had. We loved her and are so glad to have known her.

*I am so very sorry and sad to learn the news on Bernie’s passing. She’s a very dedicated, productive, accountable and dependable team member, a great asset to EDA project. She had contributed so much in support of EDA over the years, we’re indeed very fortunate to have her on the team. EDA team is a closely connected group. We’re not just good co-workers, but also close friends. To many of us, EDA’s like a second family to us. Bernie, my long time dear old friend, I will truly miss you. May you rest in Peace dear Bernie!*
