“ This is Keith , I became David's friend through him coming to Church . David and Linda set behind me in church and I eigh t say good morning to David after coming out of our Sunday School class . We'll that wasn't enough to just say good morning, so I started asking David each Sunday to come join us in our Sunday School class. Finally he and Linda did and he set next to me in the class , that was the beginning of our everlasting friendship. We started going out for lunch after church with some others from our class ... David and Linda were very dedicated to their church and to their church family . It may have been our loss here on this earth , but it was Heavens gain . All will miss David for now , but we all know that we will be with out brother in Christ one day in Heaven for all eternity. My prayer is for God to strengthen the family and give them peace in knowing that they can be with David again one day in Heaven , Amen and Amen... Keith Bullen .
