“ I worked with Donald years ago at the post office in Philadelphia. I was trying to look him up to see what he was up to and found this. I am shocked and deeply saddened to learn of Donald's passing. My condolences.

“ This is devastating news. Wondered why I stopped getting my Good Morning texts & hearing from you; so not like you. We've been an interesting pair for 45 years. Wish it could've been 45 more. Glad we got to see each other & stay in touch over the years. We will again some day. We were never apart in our hearts & never will be. You're with your beloved parents now (I miss/love them, too; please tell them Hello) & will live on through the wonderful legacy of your children. They know you're still watching, listening & will make you most proud. God bless & keep Greg, Ty & all your family & loved ones strong & lifted. I know you're RIH.

Love always, Nat
