“ *John will be missed. He lightened everyone's life with his charm and wit. He was fun to work with and taught me quite a bit about aviation. I remember when he retired from Andrews and i helped him move stuff to his house and seeing the piper cub in boxes in the garage and he said he was going to put it together and fly it and sure enough he did. He could create things out of nothing a true craftsman. I am saddened to hear about his passing and know he up in heaven with the angels tuning their wings to keep up with his.*

“ *For my uncle John and family / Now at peace & with family in God's presence. For you will be missed by many but remembered by others in their lifetime. In this grand world that each of us have made their lives and homes. John has always made me laugh with his emails' that he use to send me. My God grant alight so you can follow the steps into Heaven.*

Sadly time creeps up on us as we age.
