

John Anthony Stec

June 9, 2024

John Stec passed away at the age of 74 on June 9, 2024. He is preceded in death by his father Anthony Stec, mother, Lena Stec, his brother Anthony (Butchy), and his sister, Carol.

He is survived by his wife Virginia (Ginny) Stec, his daughter Cathy Renfrow and her husband Grant Renfrow, his daughter Ginny Holland and her husband Joel Holland, his grand children Brenden Holland, Brady Holland, Brooke Renfrow, Brenna Holland, Brett Renfrow, his great grand-daughter Bella Holland, his brother Charlie Stec, sister Joanne Salas, and many brother and sister-in-laws, nieces, nephews, and cousins. Also included are the many friends he treated as family. His family, friends, co-workers, and neighbors were all very special to John.

John was born on April 22, 1950 in Chelsea, Massachusetts. He joined the Army and served his beloved country for 23 years. He loved his time at Fort Devens, Massachusetts where he was part of the 10th Special Forces Group Airborne-he was proud to be a Green Beret. His military career brought him and his family to Virginia where he was assigned to the Support Directorate of a special missions unit. While still serving in the Army, John started working for DEA as a military liaison. He stayed with DEA after his retirement and worked there for 23 years as well. John loved every minute of his years of service. He enjoyed the outdoors, spending time with family and friends, going

to yard sales, getting a bargain, and volunteering at the Army Museum.

The family will receive visitors from 4-7:00 p.m. on Monday, June 24, 2024 at Miller Funeral Home, 3200 Golansky Blvd., Woodbridge, VA 22192, where a service will follow at 7:00 p.m. Burial will be held at Arlington National Cemetery at a later date.

“ I'm sorry to be so late with this, but I only found out awhile back that John had passed. I was so shocked. I was stationed with John at the unit and always enjoyed talking with him. After I retired, I would run into him from time to time and we'd catch up. I'll really miss him. He was a great man who served his country with great pride. God Rest his soul.

“ It seems like a lifetime ago when I first heard John's booming voice around our DEA buildings where we both worked.

I was instantly fond of him. His humor... his constant invite for a Korean lunch that never happened when we both worked there...

Then I saw John and Ginny at a grocery store after I had moved to Woodbridge...I didn't know they were long time residents there too.

John helped me with small, and not so small things that needed to be done in my house I had purchased... and he would hint that I needed a young guy to help me fix things ... to which I laughed.

I will miss this man immensely. not many years of knowing him, but the years were priceless. priceless.

I hope to see John when I get heaven.

“ As a Snowcap S-4, John was a consummate professional who always got the job done. He was the epitome of "anything, anywhere, anytime." There was nothing he couldn't due in support of DEA's mission. No doubt his hard work and dedication not only made our jobs down south easier, but also saved lives. It was always a joy to hear his voice belt out a hello or friendly greeting in that distinctive Chelsea accent in the lobby or courtyard of DEA HQ. What a wonderful man and true American patriot, may he rest in eternal peace.

“ My condolences to John’s family and friends. John Stec represented the epitome of the can-do and will-do guy, the sort of person our generation got to know as the “finest generation” that preceded us. John was a wonderful colleague and handled with ease and expertise the kind of impossible tasks that others would shy away from. Even after I left Headquarters for the field, I would always look for John’s smiling face whenever I returned for a visit or meeting. Just knowing he was still around made me feel confident that everything was OK. We are all better people for the brief time we had to know and appreciate John Stec. May he rest in peace.

“ John was a consummate S-4 logistics professional. I worked with him on Operation Snowcap and the SIU program. He always had a ‘can-do’ attitude, the antithesis of his counterparts in the civilian world. His responses were always in the affirmative; ‘We can make that happen’, ‘Let me look into that’ or ‘I’ll get back to you with an answer’. Always thinking of one way to make something happen as opposed to 10 ways it couldn’t. He could order a MAC flight and have it on the tarmac within hours and a Nightingale flight with a phone call. The breadth of his vast professional network was unparalleled. Aside from his professional prowess, he was a decent man who was selfless, thoughtful, funny and kind.

To the Stec family,

I am so sorry for your loss. You will be in our thoughts and prayers in the days to come!
