“ When I was young I remember Nana loved her live Christmas tree!!!! There would be pine needles all over the floor lol. You could smell the beautiful scent of the pine throughout the house. The tree would be so tall that it would touch the ceiling!!! My fondest memories was of playing Sega Genesis!! Nana loved her video games and when we would go over we would play Donkey Kong and the Michael Jackson video game lol!!! Nana, whenever I play video games I am going to think of you. I love you, I cherish every memory, although I am sad that you are no longer here I find comfort that you are HOME with our father, at peace and we will see each other again in the kingdom, pain free!! I thank God for sharing you with us for the time he allowed. You are now our angel! Rest in Heaven Nana.

All my love, your granddaughter,

LaTisha
