“ My deepest condolences to Ms Benko's family, I had the pleasure of being her caregiver and friend for several years at Potomac place. I loved her and I know she loved me right back. As I write these words with tears rolling down my cheek I miss her dearly, I still go to her room at night when I get to work. May her soul rest in perfect peace I also miss making her morning coffee and singing and dancing to the music on Alexa. Sending hugs to her family. Love Dorcas...

“ Thank you to family of Benko. It was a blessing and pleasure to care for her for all the years that she lived at Potomac place. She was such a joy to me. We talked a lot, we laughed together. We even learnt "Feliz Navidad" song and sang it even tho we sounded off tune sometimes. We danced . Off course we did. We held hands that's what I mean. We shared thoughts. She was such a great person to be with and talk too. Sometimes we had our differences but we overcame it very soon. She forgave fast. Loved her about it. She lit up everytime I came to see her. We laughed a lot. That was our way. She was funny. If you knew her you would laugh too. As she declined. I would say,Benko you know when you die I will miss you. And she would say I know and I will miss you too. I would laugh/ smile and tear up. Whenever I worked I would always make sure to go to her ,hold her hands pray and make sure I said my good bye before I left her with, "I love you Benko" and she would respond to me ,"I love you too" There so much I can say. But I won't take the space. I already told her exactly what I have written today. I will miss her. Such a wonderful person "My Benko" thats what I called her. Thank you to family again for the blessings received. Benko was Special.
