“ You all know me and have my condolences my sympathy and prayers. Vivian and I met at Roy Rogers years ago and became the best of friends. We work together , played together, and traveled together. Vivian loved flowers and I am at her front door. The Hosta Plant green and white and the solid green around her front came from me and it just keep multiplying. She would go to places like Lowe's, Walmart, and Home Depot and buy the marked down plants that looked dead take them home and in a few days they were blooming and pretty all around her yard.

When I had a heart attack back in 96 once the doctor say to move and exercise guess what ? Vivian was there for me every day like clock work. She would say you need to get out of the house and stop thinking about your problem.

We share so much that this is just a tip of what we did. Vivian told me to always keep a full tank of gas when I go places I have no idea where I am going. She say that way I have plenty of gas to drive around till I find what I am looking for.

I could go on and on but you all know what we did so, Vivian  
Thanks for the Memories I will never forget you.

Love You All  
Henrietta Gibson Wright
